## Help Lead the Way to a Cleaner Environment

- Be a leader in reducing plastic waste for the environment and your community . . . it's the right thing to do.
- By eliminating the overwrap and changing the film, the VisIV™ container can help reduce IV film waste up to 70%.
- An average 100-census bed hospital converting from existing standard flexible IV containers to the VisIV™ container may reduce plastic waste by over 4,000 pounds (2 tons) per year.<sup>4</sup>
