

We're sharing insight to optimize care—
now and into the future.

NOW PLAYING! 

Hospira invites you to listen to a **free podcast** sponsored by

The American Journal of Health-System Pharmacy: Burnis D. Breland, M.S., Pharm.D.,
FASHP, discusses “Continuous quality improvement using intelligent infusion pump analysis”
(published in the September 1, 2010, issue of *Am J Health-Syst Pharm*).

Visit www.ajhp.org/misc/podcasts.dtl and scroll down on the
page in order to find the link for Dr. Breland's podcast. Listen and learn
about the importance of:

- Building, maintaining and upgrading drug libraries for continuous quality-improvement (CQI) initiatives
- Critical catches in preventing medication errors
- Developing a culture of teamwork and compliance

That's *The Human Perspective.* 

The Plum A+ Infusion System
with Hospira MedNet software is
helping hospitals meet today's
needs with a solution that's
ready for tomorrow.
